Office: 731-352-2719
Sales:
615-469-5810

Call for a recommended dealer in your area or have your preferred dealer call us or you can install our scale and have your dealer handle calibration and the “put-in-service” report or you can have your scale dealer handle everything. Either way, we’ll be happy to provide telephone support and work with you and your dealer.

Tennessee Farmers Coop Dealers can call us direct or call Trey Smith at Tennessee Farmers Coop. Over 15 years ago, Don Christopher, Tennessee Farmers Coop retiree, saw the need for our stainless steel, low to no maintenance scale and helped us get a solid foothold in the fertilizer scale business. Now our scales are in practically every state from Oregon to North Carolina as well as from Canada to Texas. Thanks Don!
